East Troy, WI 53120

Travel on I-94 North, stay on it until you cross into Wisconsin, when you will eventually (after more than 40 minutes) **take exit 33 for Route 20** heading West (left). Take Route 20 West for about 20 minutes when you will need to **take a sharp left on Route D (not DD, which comes before that!)**. The Route D sign is a small square sign standing alone on the right side of the road and is very easy to miss—watch carefully! Stay on Route D for 20 min or so until you pass the four-way stop at Route 120. Go through the four-way stop and begin looking for Town Line Road. Alpine Valley Ski Resort will be on your left. **Turn North (right) on Town Line Road.** Go under the highway and **take a sharp left on Friemoth Road.** Travel about a ½ mile and look for W2716 Friemoth Road on the left. The driveway is on the right with a yellow house on the left of the driveway and a big red barn on the right. This is Nokomis EcoDairy. Welcome!
